

# RAMSGATE AND DISTRICT MODEL ENGINEERING CLUB

## INCIDENT REPORT – IRO01

Date & Time of Incident:	22 <sup>nd</sup> July 2023 between 14:30 and 15:00
Report completed by - print:	Duncan Edwards
Address / Location where incident occurred:	RADMEC's elevated track in Ellington Park
Nature of Incident:	Club's Class 33 loco derailed and left track.
Any Injuries:	NO
Nature of Injuries:	N/A
Action Taken:	N/A
Action Taken By:	Print: Sign:
Name(s) & addresses of injured parties:	N/A
Confirmation of above by injured parties	Print: Sign: N/A
Riddor Report required?	NO
Investigated cause of incident:	Cause identified as sticks placed on track by children. Not seen by driver, or staff, due to the track being obscured / shaded by a tree.
Actions required to prevent further occurrences:	Drivers to be reminded by means of email that they should always be looking at the track ahead of them for obstructions / hazards and driving at appropriate speeds to stop when necessary to avoid incidents.
Comments:	Due to there being the 'Picnic in the Park' event on today, there were a lot of unsupervised children running around and I suspect one or more thought it would be fun to place sticks in the track 'to see what would happen'...
Incident Closed:	YES
Date:	22 <sup>nd</sup> July 2023
Closed By - Print:	Duncan Edwards – Safety Officer
